

# OTHER RA~SHEEBA SYMBOLS FOR PERSONAL USE

Not part of a Healing Session, or Workshops

## AH-THON

It is with the greatest of care that we give you this Symbol.

This MASTER Symbol is used to aid in the sending and receiving of thoughts, feelings and emotions. With more purity and ease than the spoken word could ever hope for.

It is a toning or tuning symbol. Ah-Thon is a Power Symbol and only has need of the Key Symbol to activate its use.

When the mind is open between two Masters (and only two), there can be no secrets held between these two any longer.

This experience if used well will bring about greater joy and understanding. Truly this will bring the two closer than ever before possible on this side of the veil.

To 'disconnect,' or if you no longer want a connection with the person, you need to draw the Ah-Thon symbol finishing with drawing a cross through the symbol. This will disconnect you from the other person.
