

CHANNELLING 28 November 2007

Dear One

You are vessels for the Universal Energy of Gamma Rays that is being sent from the Goddess for the use of, and activation of, Dragon Grid Lines on Mother Earth.

Be prepared for the energy transferral that will be happening at different times on Earth at different parts of the earth. All Light Workers are being called to offer themselves for this to pass through them.

What will we feel like?

Everyone has a different level of vibration and can handle different amounts of energy. Consequently it will feel in many different ways. The body must be at a healthy state for this to be successful.

Ceremony or sexual orgasm is a way to pass this through. Some will take on a huge amount and be successful in transmuting to Mother Earth. Dance is another way. Ask for the energy to come to you and then do the required activity. Do not be surprised if the energy or experience is something that you have never felt before.

The full moon is a good time for this.

February 16th to 19th is an opening of a Star Gate. There is an aligning of planetary systems that align with other Universes on this date. What we require is for the Light Workers to be at a vibrational state so that the earth will be aligned with these other planets and universes.

This is a requirement that holds much opportunity for the biggest shift that earth has ever experienced. The inhabitants will feel the energy shift and the beginning of the opening of the veil of the 5th Dimension will begin. Many may feel light headed, some will experience headaches for a short while but this will pass.

There will be given symbols 3 in all, to help align this energy from Universe to Mother Earth through your Light Bodies. You will be in Turkey and as usual this is where it will begin!

The Goddess Energy is playing a larger part than ever before. Help Her to bring this energy in.

You are dearly loved
Pen Gough
