KA TOTH - (THE KEY)

This Symbol must be used at the BEGINNING of EVERY RA~SHEEBA Session.

Standing at the head of the person, draw over the Crown Chakra and stretching your arm forward, bring it into the body.

The 'Key' is used in opening pathways, energies and the use of "The Connection Path". It is the "Key" or "Breath of Life" – the "Key" directing all other Symbols.

As with all things there must be a beginning. The "Key" awakens and aligns the correct lines used for healing, travelling and contacting others, be they Spirit or Human. Without this symbol, the Power of the next will be non-existent.

Through "Ka-Toth", life is breathed into the all. This Symbol itself represents the beginning of life itself.

- The Division of Life at it's start
