This symbol will activate the Pineal Gland and all will know their God Self.

A state within a state. A place within a place. A space within a space.

The beginning of creating the Godhood within. A place of permanence and peace. The space from which inner truth and observation is attained. This is not a retreating place but a footing of true strength.

FROM HERE ALL IS ATTAINABLE.

Use well and wisely.

This Symbol is representative of the self. The protection of the self and the cleansing light of Ra. Also the centering of Self and grounding of the All.

The breath of the Dragon infuses you with Light and Wisdom. The breath of the Dragon cleanses away all negativity and allows your Energy Field to be infused with much Light. The Crystal Light brings in many facets.

The lightness that one will feel is much to be desired.

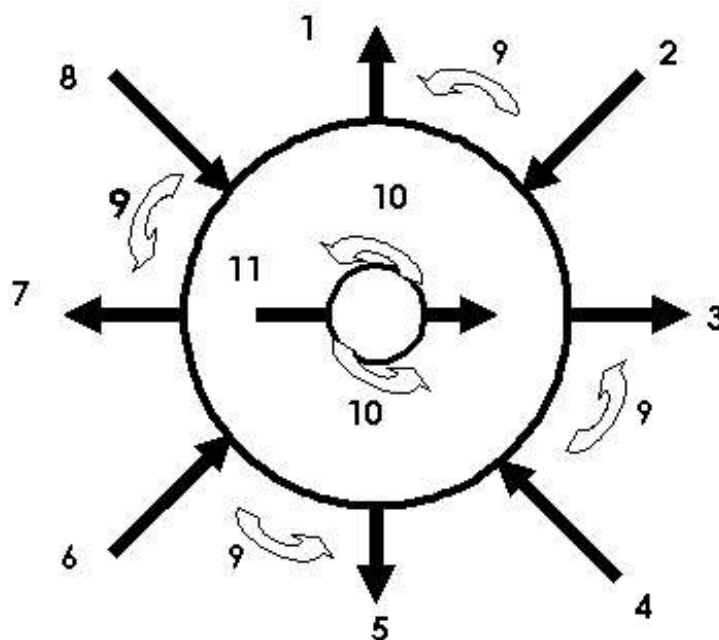

You will be more aware of the Earth's changes. The vibration around you will protect you from much negativity that is being transmuted by Mother Gaia.

This symbol is one of the Teacher Symbols. This will be given to Peter to be passed onto mankind.

This will be drawn at the energy portal in Luxor where Ahknaten received the Light of Ra. The Dragon energy and the Energy of Ra are one and the same.

You are all dearly loved and honored by the Masters as you are all carrying the Light of Ra – the Dragon Energy.
