

## CHANNELLING 23 August 2002

Dear One

There will be a gathering of the main players of Ra-Sheeba. The timing of this is perfect – the full moon opening a direct link to the energy source.

The connection between Aboriginal and Egyptian is very strong and with the connection to that energy source that has already been established you will be re-establishing this very much-needed strength.

Much can be accomplished in this way.

The grounding of the circle of Goddess energy needs to be done.

The Sword must be present.

The same meditation lines will be performed (as Grand conjunction 2000)

The Goddess Energy can be anchored at Uluru if John so pleases.

This is your creation – ask and it will be shown how.
