Dear Ones, Do you know your magnificence? Do you know your expansiveness?

When you are in 3d of course you do not! We are here to remind you of your God Presence and what you mean to us in Spirit. You are creators of Universes! You came down to 3d for a purpose to raise Mother Earth in consciousness. You are the forerunners and the leaders of this. And yet at times you say, "what am I doing here?" You know what you are doing....you are making a difference!

We need to show you the key to remembering your magnitude. It is to do with the Heart Centre.

This is the God Presence. This is the place where you come from when you are opening your heart to receive and the place from where you are to give love. Not all humans have had that experience. Many have but we say there is more to it than you are doing now.

Soon, a new symbol/s will be given to you and this will change the DNA structure around this centre. This will change the cellular molecules. And you will feel the change. You will be emotionally changed!

Mother Earth is about to have a change in this centre. While you only have one Heart Centre Mother Earth has many. Often humans think that one particular country is where the Heart Centre of Mother Earth is but they are wrong. She has many.

One of the places of course is Turkey. That is why you are seeing a big force of Light workers over there. They are getting first hand energy transferral from Mother Earth!

The Dragon energy is very full and active over there because a lot of dragon DNA people chose to incarnate there as they knew this would be the place to receive the energy changes from one of the Heart Centres.

Marilyn, you are feeling the tug of the heart strings at the moment from Turkey because of the energy at the moment.

The Next section will be "Walking in Truth"

This is to help you stay walking in Truth. We know that it appears hard at times to stay actively walking in Truth. It has been a long time for some and some of you grow weary.

The symbol/s given will be to strengthen you all in your conviction to move into the 5th dimension and to help Mother Earth Ascend. This symbol/s will work on the Pineal gland of humans. There is a lot of "debris" DNA connected there and this will be removed and the DNA strands for the pineal gland will light up.

The final section will be "Divine Trust"

Humans often become emotional when Trust is spoken of. Trust - what does it mean? How far can one go with Trust? These are some of the things that will be answered and you will be helped to put full trust in Spirit and in your God Presence. You will be able to trust fully without reservations. You will "know" and not even question whether you should trust someone or something. There will be some affirmations along with symbol/s to help you in this area.

Now, I need to tell you about the Dragons - dark and light.

Firstly the dark dragon brothers are trying to make their forces greater but their energy to do this is failing! It is as if the Light is taking over their strength.

If you can imagine a place where there has been a lot of free flowing energy, very strong in the past but now has a restriction around it and is being pulled in closer and closer to restrict the flow of energy. This is what is happening with the dark brothers.

It has been their intent to get others on their side but it is proving useless as the Light is prevailing at a greater speed than they can work. I say to all Light workers to remain steadfast in what you are doing and not to give up. You ARE making a difference!

The Light Dragons are rejoicing at the rate that they are being invited to be Dragon Companions to humans! Many are receiving the call to awaken and ask for dragon companions.

They are also being called to work with many who are doing some very deep work in the ethereal field and also in the underground depths of the earth. There is a special league of Dragons that are Masters in this field and they are responding to the call. They carry the colours of Purple Indigo and Red. Some of these colours are mixed within their energy fields. These are our "scientific ones".

We bless you and wash their feet for having the insight to call these ones.

Our work with Humans has increased a hundred fold in the last 6 months linear time.

So, beloved brothers, continue in your integrity and know that you are truly loved and we wash your feet. Know that when you return home you will be honoured more than you can possibly imagine.

CHANNELLING 22ND APRIL, 2007 (SICKLE MOON)
By Marilyn Bretherick

Dear One,

What does it mean to be "Walking in Truth"? The spiritual pathway is the way of life that you have been given to choose from. As you know, all is a matter of choice. When you were born you could not walk but you learnt as you grew. Then you found that you could run, skip and jump! Some even went on to be great Athletes. How did they do this? With zeal, dedication and training.

I ask you all – do you have the zeal and dedication? Are you prepared to train? I can tell you that it is not as hard as training to be an athlete but you must first have the zeal and dedication.

What is zeal you may ask? It is heart felt enthusiasm. An inner joy that comes from an open Heart. We cannot tell you how to feel joy. That is part of the attributes of a human. We also feel joy but in a different way to humans. So with these new symbols you will be able to tap into the DNA that controls/allows the emotion of joy!

Can you see how everything is connected to the Heart Centre and how important it is to have a healthy open Heart Centre? The Unconditional Love that comes from an open heart is so real that it can hurt at times. It is love for our Creator, Love for the entire Universe, Love for your fellow humans and Love for Mother Earth. Do you know how this makes you radiate throughout your entire Being?

When your heart is open you do not have to consciously think about it, it will be there. You will be making decisions that affect everyone around you.

When you have your heart open and pure, then joy will be radiating within you. You will then choose to continue on your Spiritual Path and Walking in Truth.

What is Truth? Truth is the no questioning reality within you. Someone's "Truth" is not necessarily another's Truth.

The "Truths" of many can be the same. You will find that your "Truth" will lead you to others that have the same "Truth". You will be attracted to them. Universe does this. Your heart will govern your Truth. Spiritual Truth is what we are talking about. What is your open heart feeling about Spiritual Truth? Your Spiritual Truth. Not anyone else's but your own? This is often called your "passion". Do you see this now? Can you feel it now? Your passion is the zeal and the dedication of your Truth.

I am saying to you all, this is what walking in Truth means. This is what "continue Walking in Truth" means!

This new section of Ra-Sheeba is for you Masters not to let go of your passion or your vision but to re-evaluate your path. These symbols will infuse your Light Body to strengthen your foundations to help you to Walk in your Truth.

This now brings us to the new section: DIVINE TRUST

In whom do you Trust? On your Earth today you have a wide variety to choose from – many religions, many governments. But to whom are you going to put your Trust? Can people give or take your life? They can take your earthly body but they cannot give or take your life. Life never ends, it is Divine. It is part of God! You are part of God! You are creators of Universes! Never forget that. The creator within is always expressing through you, the purpose of God, the attributes of God. Every minute of time you are expressing the "expression" of God.

Please reflect for a moment at the birth of a child. When the baby is born there is the glow of Love, of wisdom when you look into the eyes of that newborn baby! You are looking into the eyes of God. A new creation, a new expression of God! This is whom you can put your trust. You were born exactly the same. You were born as the expression of God. You have never changed. You have physically changed but the inner you has not. We are asking you to find the God within and in that put your Trust!

You are divine pieces of god. When God loves, you love. God's purposes will be known by everyone of you because you are all a piece of God in your entirety.

You are going to know within. This is within your very Being. The God- Within. You will know because you are God!

The symbol to go with Divine Trust will be re-enforcing your Divinity. This symbol will help you to know, to feel, to experience deep within you the true nature of your Self. The true Being that dwells within this temple of flesh. You will not have to wonder anymore "what am I doing here?" You will know because God knows.

Put aside your human differences. Put aside the differences that separate you from the Love of God! This is not the time to separate but to come together as expressions of God. When you come together you shine the glory of God to the entire Universe. You radiate and your Light Bodies are so glorious that the earth is like a crystal shining in the void of darkness.

So do we have the picture?

“OPENING YOUR HEART” “WALKING IN TRUTH” “DIVINE TRUST”

This changes your Light Body. This changes your DNA. This can change your physical Being!

We honour you all for the magnificence of who you are. We of the Dragon Realm working with the Galactic Confederation continue to be in service to you, the Masters.

The ones who said “I will go down to the Earth to the 3rd Dimension and I will forget who I am, but I will make my way back to my Creator. I will once again open my heart, Walk in Truth and have Divine Trust. I will shine my Light once again”

This you are all doing and we love you beyond words.

May we wash your feet? May we help you in any way that we can? May we, as part of God also, wrap our Dragon Wings around you to support and love you?

We love you beyond words.
Continue my Brothers.

CHANNELLING OF ISIS

By Marilyn Bretherick

Greetings my family, this is Isis!

How we love you and all that you are doing!

Today we are going to change some of your DNA.

Everyone will be experiencing different things because of the differences in your emotions, personalities etc.

The energy will begin at your Crown Chakra. We will be working on the Pineal gland. We will be changing the DNA and electro-magnetic pathways. This may feel like a small electric shock but will not be too unpleasant.

Then we will move down to the Thymus in the Heart Chakra. This is where most of the work will be done.

If you feel lighter - do not be concerned.

If you feel expanded - do not be concerned.

If you feel more emotional or sensitive - do not be concerned.

If you feel more loving – rejoice!!

As you know we have given you many symbols within Ra-Sheeba to help you change the DNA of your biological bodies and this will continue as this is how we work on you.

We love you and will continue to be with always.

This is Isis, Queen of the Nile, Beloved of Osiris,
The Goddess within you all.

HISTORY OF DRACO'S AND SIRIUS

Channelling by Sal Rachele

RA - 6th Density

ISIS 8th Density

DRAGONS 7th Density

Dragon Energy is enlightened balancing Male and Feminine symbols and teachings.

Dragon – Lords and Masters to balance and end waring with dragon enlightenment. Elevating consciousness.

Reptilian and Dragon – coded forms

Primary home – Draco's

Evolved peacefully on many planets with Draco's and outer realms

Densification – 4 densities of reality.

20 billion yrs ago came to Earth. Many races took physical forms and forgetting the Source

Duality - Light VS Dark

Polarised Light – Masculine - radiative principle
 Dark – Feminine – more magnetic
 Light + Dark – synthesis – pure unconditional Love

There was a misunderstanding of controlling of the feminine, keeping it licked down. Feminine acted in rage – battle of dark and light. Light and dark Dragons began fighting and were banished to the edge of Universe. By devious means and subtle ways they had access to the Astral Planes.

Draco's and Ra-Sheebea

Egypt, Atlantis and Lemuria

Separate temples were had by Ra – masculine, and Isis – Feminine. Ra-Sheebea is Sexual, healing Energy, the Sacred Kundalini.

Key to liberate ourselves by attunements causing balance. Those attracted to Ra-Sheebea are those with Draco's DNA are the primary students. Dragons learning to heal. Syrians and Orion's all wanting to heal.

The early Egyptians were from Plaidean Master – Toth on banks of Nile with Mystery School.

These were pure teachings of raising vibration of those earthlings. They progressed rapidly and were ascending to 5th dimension.

5 Root races on earth at that time:

- Plaidean's
- Orion's
- Syrians
- Draco's
- Andromeda's

Blendings began and were altering the DNA.

Hence:-
Lion, Sphinx (Syrian and Plaidean)
Bird Tribe (Plaidean and Draco's)
Elongated Head and Eyes (Andromeda's and Plaidean's)

In their native form Dragons could not stand high gravity temperature for very long and so had to incarnate with humans.

Orion's and Syrians had more percentage.

All races altered DNA between years 10,500BC and 7,500BC. Continuing in the imbalance. Vibration of Egypt dropped dramatically so Toth and others left the planet.

Ra & Isis came around 7,500 BC to rescue many of their own to return to the Source. They met with resistance from Draco's.

Ra-Sheeba had male temples and female temples as they were still trying to get the balance between male and female. The art of Tantra was taught to embrace masculine and feminine. Same issues in relationships had to be healed.

Egypt continued to fall. 3,000 BC and 4,000 BC Syrians dominated which spread to Bible Lands, Greece etc.

Draco's needed polarity balance from Ra and Isis to assist battle with Dark and the Light.

May 2006

MASTER ALIGNMENT
FOR HIGHER INTEGRITY

Dear One

What does it mean to have higher integrity?

It is the completion of your acceptance of the New Energy of Ra-Sheeba.

When you have received the symbols into your energy field, then there has been an alignment of the subtle bodies. When this has occurred, then you will be able to stand in Higher Integrity.

When one's heart has been opened, then one is able to Walk in the Truth. When this occurs then one is able to have Divine Trust. Then one is in Higher Integrity because of all these other things.

Can you see Dear Ones? You will be seen as different. You will act differently because you will be in higher Integrity. You will automatically come from the heart. You will automatically love. You will have been aligned with the God/Goddess within and that is where you will live your love in Higher Integrity.

The responsibilities are to manifest love in all you do, to judge no one, to love unconditionally and to hold faith.

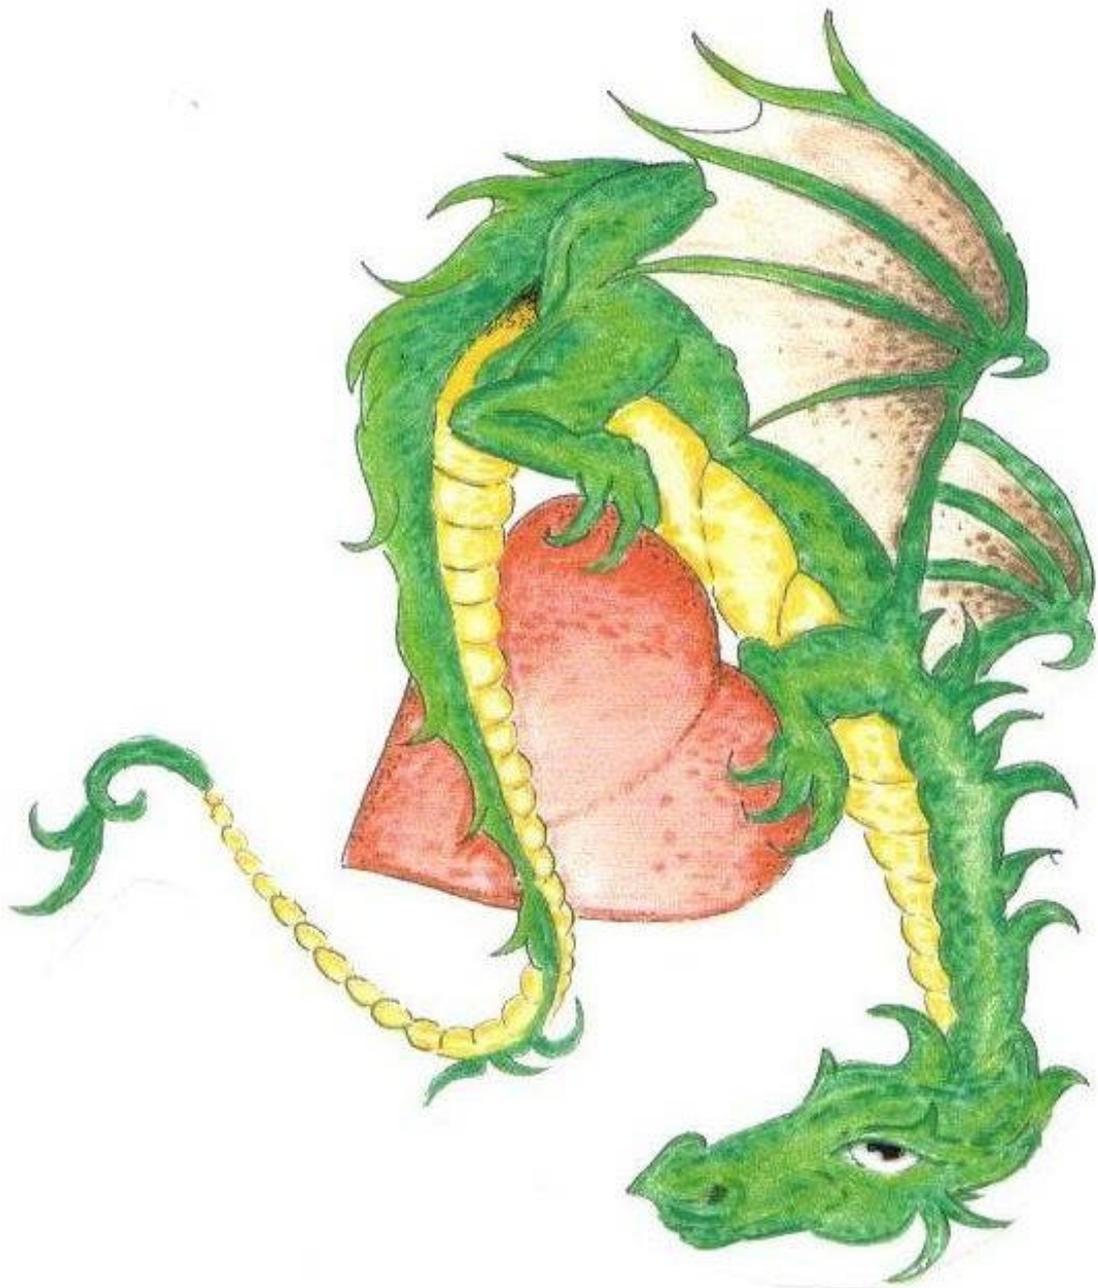

The affirmation within Divine Trust is:

I HONOUR MY GOD PRESENCE
I TRUST THAT ALL IS FOR THE HIGHEST WILL AND GOOD
GOD IS LOVE!
I AM LOVE
IN GOD I TRUST

Continue Dear Ones, the Kingdom of the Heavens is at hand.

Pen Gough

New Symbols

OPENING THE HEART

This is the beginning of the new Energy of Ra-Sheeba.

Beloveds, you are all Masters and you have raised your consciousness to the point of being in line with spirit. We did not think this would be possible in the short amount of time but you are truly Divine Angels of God and you have accomplished much over the time that you have been awake.

The new Energy has been waiting for you and now you are going to have it poured into your full Being.

This can begin by Opening Your Heart. You have been told to open your heart many times and in your willingness to do that you have shown the Creator that you indeed want to remember that part of you that is in line with God and the creations throughout the entire Universe.

We have given you some symbols that will assist in the opening of your heart centre. These will be like a surgeon taking out the old DNA and replanting with the new.

We are going to do this while you are in deep meditation. You will be "put to sleep" as it were and you will be operated on by Spirit. You can also do this for other Ra-Sheeba Masters that are not present at the moment.

We ask you to be in the space that says, "Yes God, I am ready, willing and able to have my Heart Centre opened so that I truly can walk with God."

When you are really in this space you can be changed in the twinkling of an eye once the symbols have been put in place. You will feel the Heart Centre open. You will feel the God Presence, you will feel the Love.

Do not be amazed at the speed at which you are travelling with the New Energy. This is what has been granted to you because you are all at the place ready to receive.

We have waited for this moment with great anticipation and Joy.

Mankind is ready to Ascend!!

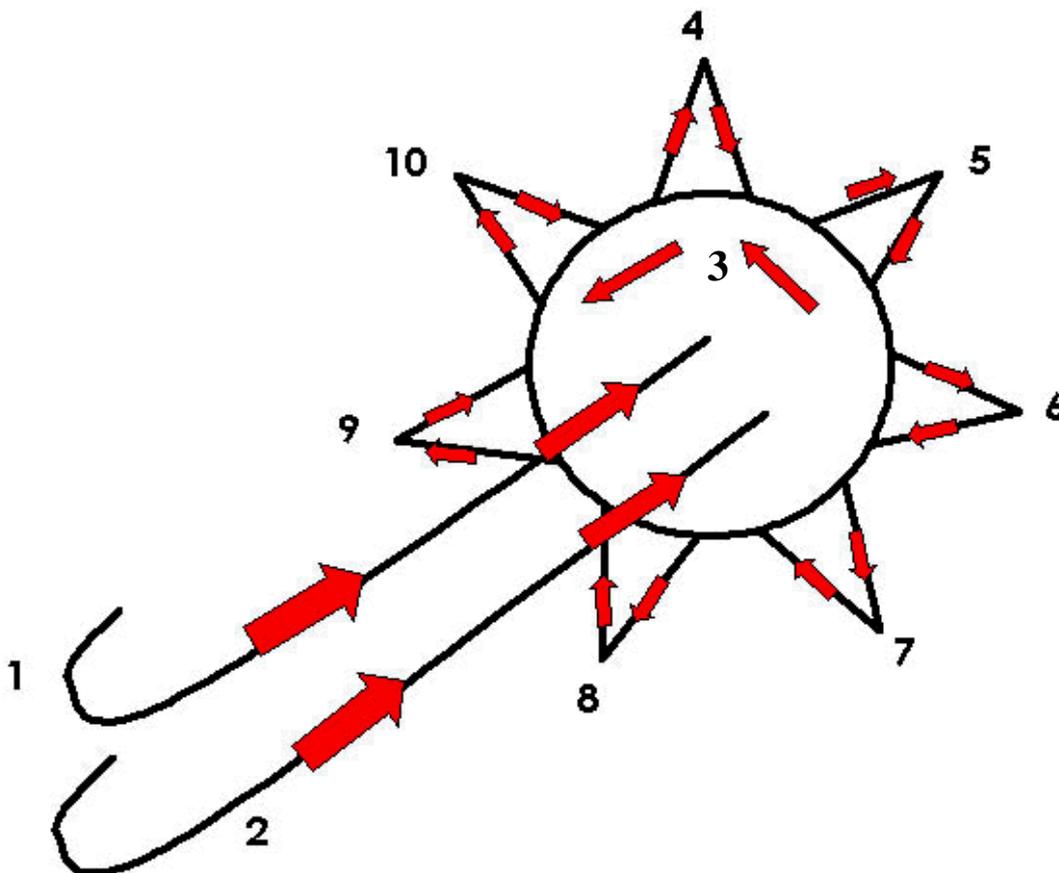

ASAILA – SU

To be Drawn OVER THE HEART

This is the preparation symbol. This is the key for opening the heart.

The opening of the Heart Centre is so important and yet so simple. This symbol can be done during the Dragon Flight Meditation where you will be in the Crystal Cave lying on a bed of crystals. It can also be done during a Ra-Sheebea session.

Asaila-Su will be drawn over the Heart Centre. You will see it as a surgeon operating. The old DNA will be taken out and replaced with the new DNA.

WALKING IN TRUTH

Dear Ones, we are going to talk a lot about walking.

What does it mean to walk? Does everyone walk at the same pace? Does everyone walk on the same path?

The walking that we are going to talk about is walking on a spiritual path.

Along this path are signposts, these signposts give directions and are there to show you that it is the correct path for you. You will eventually get to where you are heading.

Many of you have been walking this path for a very long time and you are growing weary as this path is getting harder.

We say to you it only appears to be getting harder. You are doing such a wonderful job at walking this path you forget how far you have come and how much you have changed. We say do not give up now.

Your Truth is something that you held on to when you first began your journey. It may have been very different than those around you, friends, family etc. But you did not care that you were taking a different path. To you it was enlightenment! It all made sense, did it not?

You now look back and some of your friends and relatives have been left behind but look how many decided to make the journey with you! You are shining your light for so many to see and they are seeing and they also are Walking in their Truth.

Everyone walks at a different pace. Some are becoming more enlightened faster than others. Some are "seeing", some are "hearing" and some are "doing" more than others. But does this mean that they are better than you? No it does not! It means that they are walking at a different pace. Some have had many lives where they travelled on many spiritual paths and so in this incarnation when awakened they "remembered" these spiritual gifts that they practiced in past lives.

What are the signs that you are all on the same path? The signs are that you are all united in the same cause, you have all opened your heart to God and you have all recognised that you are part of God. You are all helping with Mother Earth's Ascension and your own.

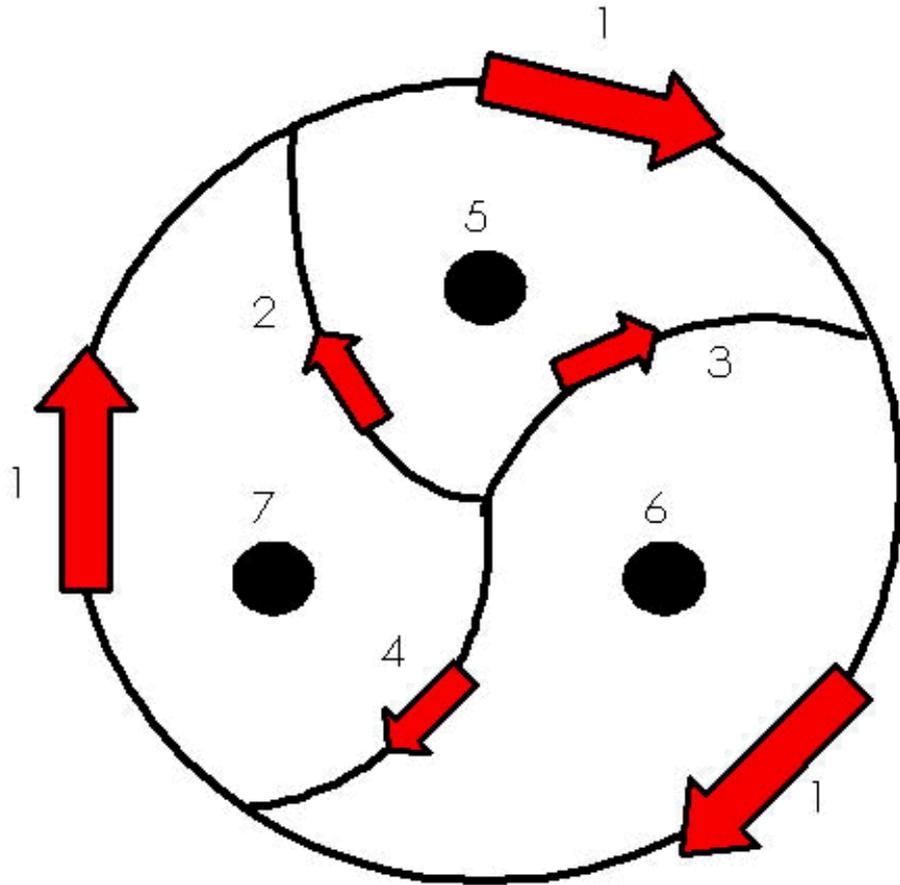

The symbols given to help you, Walk in your Truth will be planted over your Light Body especially in the Crown, Third Eye and Heart Chakras.

These symbols will clarify your Truth. These will light the way of your Spiritual Path which is based on your Truth.

Allow us to give you these blessed symbols to help you to continue walking in your Truth.

RAY-LU

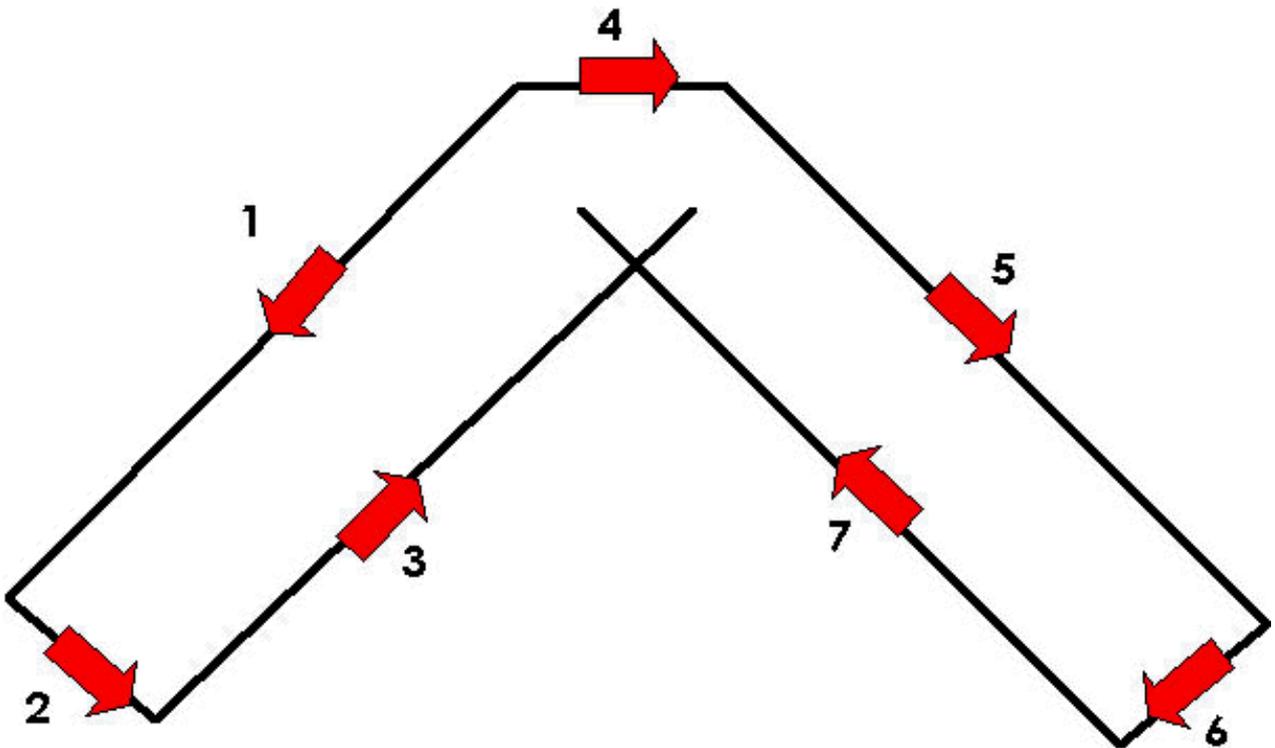

To be drawn over the Crown, Third Eye and Heart Chakra's

KAYLA

To be drawn over the WHOLE BODY

This symbol is used to cement the intention of Walking in Your Truth

DIVINE TRUST

Beloved Masters, we are talking to your Divinity!!

You are divine. You are from God, you are God. We wash your feet and feel it an honour to be in your presence. Thank you for your part in helping the Earth Ascend!!

Did you realise, did you believe that you were divine? There is part of you that says no, I am only human. That is where you are wrong, you are angels of God having a human experience. Just because you came down to the third dimension, it did not mean that you had given up your true existence.

We, your Dragon Brothers, are here to remind you of your divinity. In an earlier channelling we showed you what Divine Trust was. It is Trusting in your Self, Trusting in the part of you that is Divine and from God. It is the remembrance that you are God.

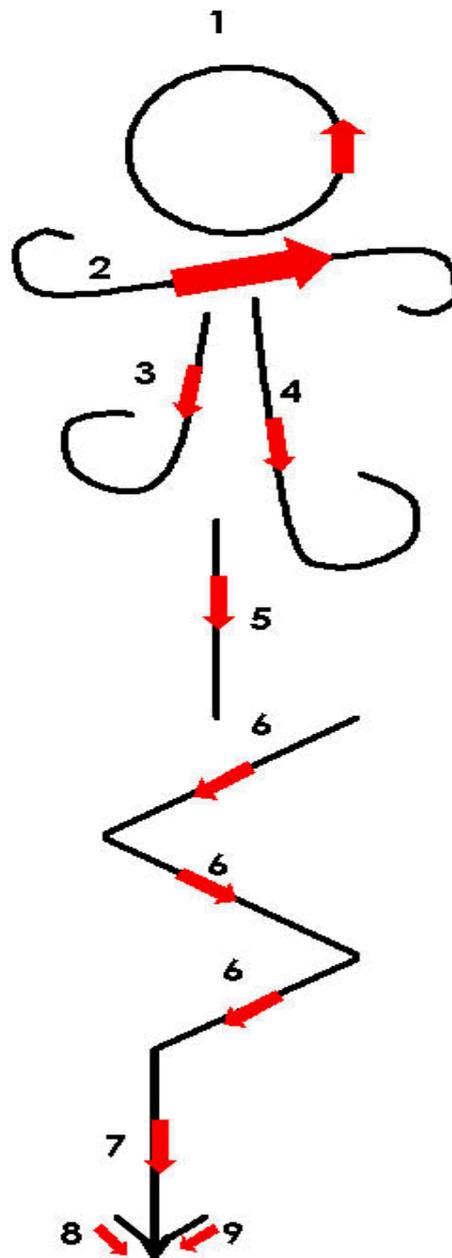

There is so much that you will be able to do as enlightened humans and we are going to take you there with this new energy of Ra-Sheebea.

Ra and Isis have infused this new energy. They have been working with mankind for a long time to help raise their vibration. And they are here today to help implant the symbols into your energy field so that you can continue having Divine Trust.

KLAY-DOR

To be drawn starting at the Crown Chakra Over the Body to the Feet

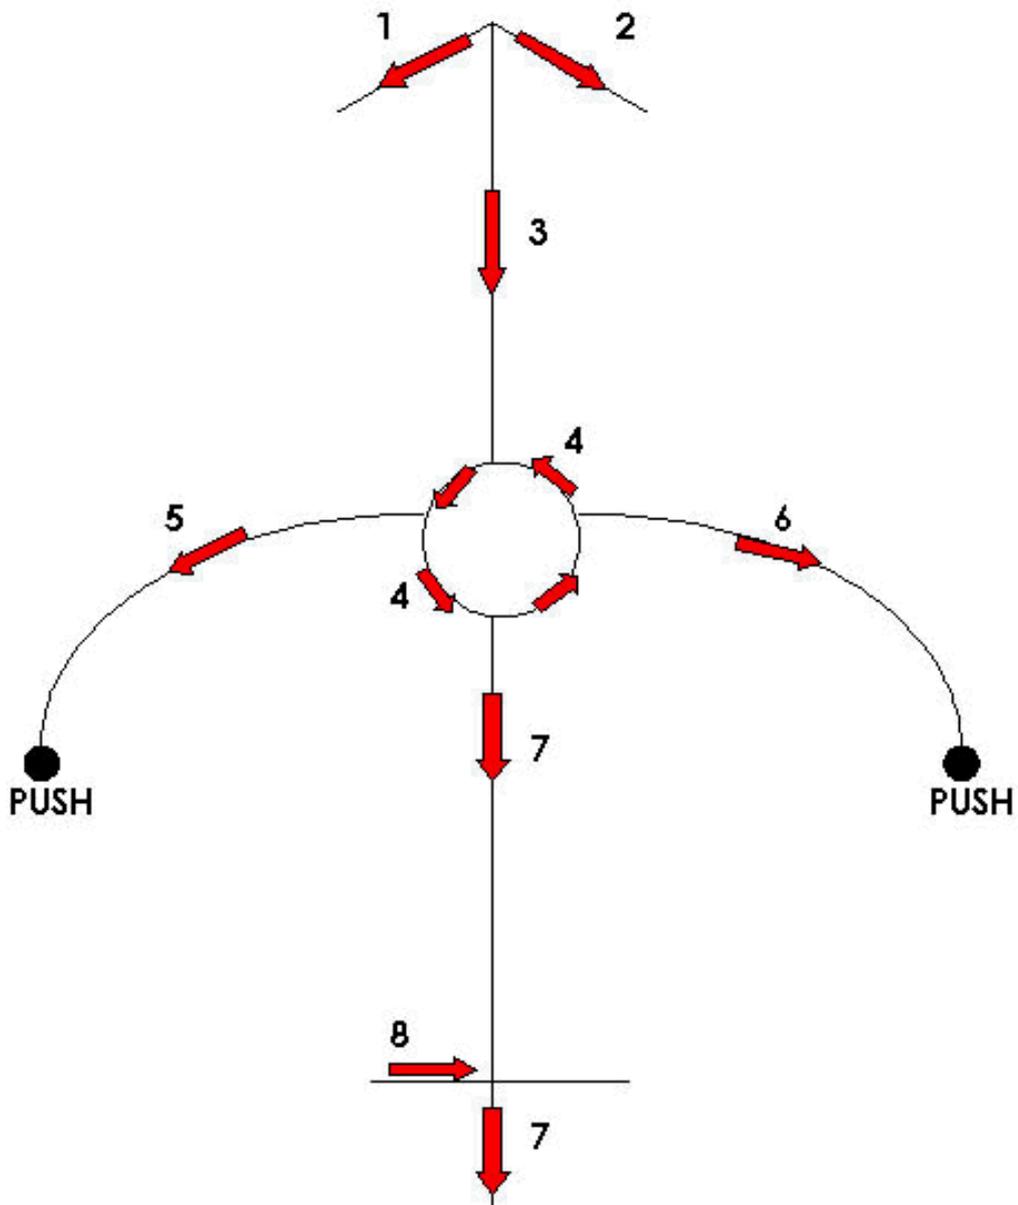

AFFIRMATION:
I honour my God Presence
I Trust that all is for the Highest Will and Good
God is Love
I am Love
In God I Trust

MAR-LEE

To be drawn over the WHOLE BODY

This symbol helps in having Divine Trust. It is used to cement the symbols into the Energy Field.

CHANNELLING - DIVINE DRAGONS By Marilyn Bretherick

Divine Dragons? Yes we are! All creation is Divine. Even our fallen dragon brothers. We are from the 7th Dimension and all divine as you are.

Your journey down to 3rd dimension is something that you said you would do without the memory of who you are.

We of the Dragon Realm have the wisdom to bring you out of your slumber but we cannot do that for you as you have to remember for yourselves - your Divinity.

We can give you clues along the way and when you remember another piece of the puzzle then we can infuse you with some more of our dragon wisdom.

Opening the heart is one way of receiving some of our wisdom. When you begin to feel love and give love – then you know you're alive.

You have heard many times that other ET's want to know about your emotions. That is true as you are very unique beings. Love is part of your emotions. You could say that hate is the opposite of love. In everything there is duality. But we are saying that in our dimension there is no hate.

Our fallen brothers, even though they are not doing things that we consider proper, they do not hate. They love the power but they do not feel or experience hate.

There is still part of them that can turn around and return to the Light. We would welcome them and care for them and nurture them back to the Light. Just as we did when the clearing in Turkey was done and some returned. The opportunity for those still controlling humans to return will be offered one more time.

What will happen to these ones? The ones who refuse the Light will be put in a void of darkness. They will be confined for eternity. They will be "kept" there by their lack of wanting or acknowledging the Light. In this they will not be able to influence any creation of God.

They cannot be destroyed as once energy has been created it cannot be uncreated. We are all on our journey back to god. That is why Earth is in the centre of attention by the whole universe. As the earth and humans ascend we also ascend. Even Ra and Isis!

So do you now realise how important you all are to us?

You have the help of the entire Universe. You only have to ask and it will be given. I am going to tell you something that you did not know before.

If you want more dragon companions or Guides just ask!
It is us who want to serve you the Masters.

When you receive more guides your Merkabah is enlarged. Your protective shield is re-enforced. Each and every one of you can have your own entourage. Can you imagine how you will appear to us? You will appear as your own Light Show (Fireworks display)

Your names are on all of our lips in the Dragon realm. We know you all.

We are all united in the Galactic Confederation and this is how we would prefer humans to be. Separation is not the way to live. How can there be separation when you all have the same cause in mind? You all want to ascend. You all want to remember your Divinity! Why are you not united? We say to you that you have not opened your heart. You do not know LOVE.

How can you hate your brother?

It is time to put aside your differences and open your heart and let love reside there. The differences are not important. They are just another expression of God!

You are dearly loved.

Pen Gough

DRAGON COLOURS

BLACK - These are the highest colour in the Dragon Realm. These are the highest Healers.

GOLD - These are also high healing order although not as high as the black Healers. Some Male gold dragons are also Royal Dragons.

WHITE - These are the Royal Dragons. The white Dragons are biology healers usually these are female Dragons. The Dragon Realm is mainly Goddess energy.

BROWN - These are usually the Male Healers.

GREEN - These are usually the Female Healers.

BLUE - These are companion Dragons both Male and Female

INDIGO PURPLE - These are the Scientists of the Dragon Realm.

PURPLE - These are Spiritual Companions.

RED - These are the Protection Dragons.

While all Dragons are here to help mankind and Earth to ascend, they do not have ranks as we know them. This chart gives an indication of what they work with the most. Most of the colours vary within each section. So they are not just plain gold, for instance, but vary within the spectrum of gold or whatever. ie: gold down to orange. They also change their colours as they also advance in certain areas. Just as our Energy Field does.

The gender of Dragons according to their colour is what part of the energy they are working with the most, ie: you may have a green and brown Dragon which indicates that the Dragon is balanced in the use of the energy.
